“Cheshire East Council has issued its Pre-Budget Consultation setting out proposals for change for the period 2020/21 to 2023/24. This is an opportunity for interested parties to review and comment on the Council’s Budget proposals.

The budget proposals described in this consultation document are Council wide proposals and our intention at this stage is to invite consultation on the broad budget proposals. Due to feedback received to the previous budget consultation from the panel we have attempted to present the information differently this year through our **‘starting the conversation’ web-story**. You can choose to complete the budget by viewing this and then completing the survey, or go straight to completing the survey (as per previous years)!

- 1) To identify activities which are being carried out this year and will also be carried out in the next year and therefore, need to be budgeted for again.
- 2) To identify items such as projects or schemes which are occurring in the current year but will not occur in the forward year and there is, therefore, no need for a budget.
- 3) To identify items, such as new schemes, which are not an activity in the current year but should be added for next year's budget.
